WELCOME MESSAGE

Dear Colleagues,

We have the great pleasure to invite you to join us for the **19th EADO Congress** taking place as a hybrid meeting **from April 20–22, 2023** in the amazing city of Rome, Italy.

The European Association of Dermato-Oncology Congress is the largest conference in dermato-oncology, there are no competing meetings in this field. **Over 1,000 participants** from Europe and around the world are expected to attend.

The meeting provides updated scientific and clinical achievements in a wide spectrum of **skin tumors including melanoma, keratinocyte carcinomas and rare malignant neoplasms. The world's leading experts** have been invited as speakers and will offer you the opportunity to gain a comprehensive insight into all areas of dermato-oncology.

Rome, also known as *The Eternal City,* is one of the most attractive cities in the world and well connected by many airlines. The city offers a wealth of historical sites as well as impressive architecture with countless charming squares and fountains. The historic center is a UNESCO World Heritage Site. Important attractions such as the Colosseum, the independent Vatican State as well as the Altar of the Fatherland are world-renowned.

Looking forward to welcoming you online or in Rome in April 2023!

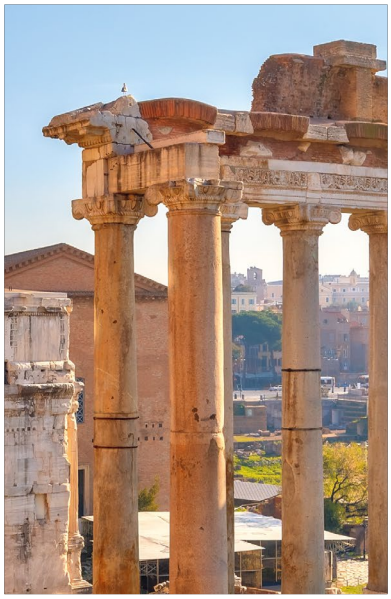
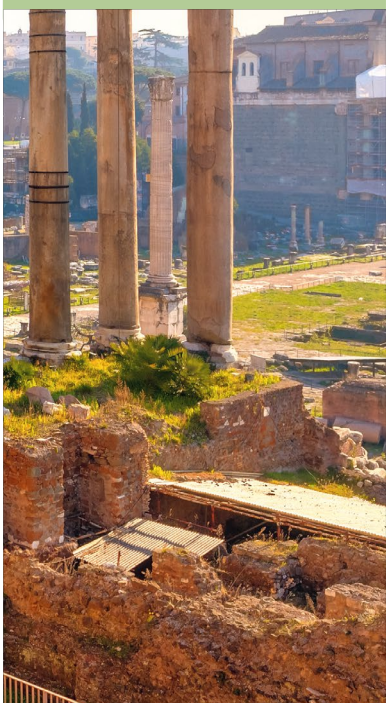
CONGRESS DESTINATION

TOP

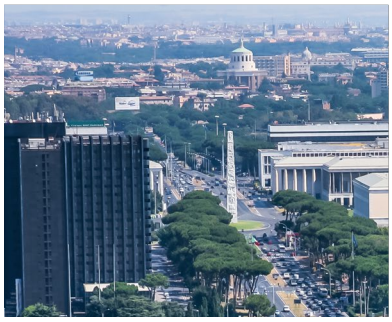
Attractions in Rome

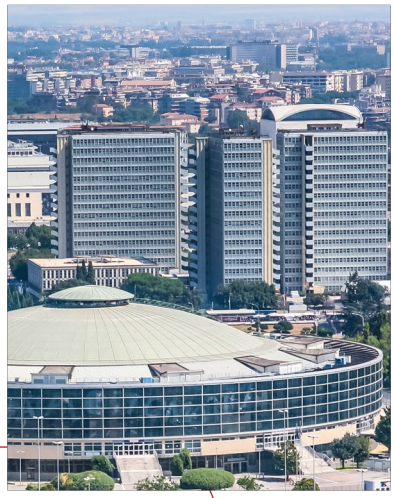
- Colosseum and the Arch of Constantine
- Vatican City
- St Peter's Basilica
- Roman Forum
- Pantheon
- Trevi Fountain
- Catacombs
- Villa Borghese





An historic world heritage city, Rome is rich in architecture and art. From the captivating Vatican Museums to the Colosseum and the Galleria Borghese, Rome offers many attractions to visit. The challenge when visiting the city is most probably to decide what not to do.





Airports

Rome has two airports, Fiumicino (FCO) in the Southwest and Ciampino (CIA) in the Southeast. Fiumicino is Rome's main international airport.

CONGRESS VENUE

The **Auditorium della Tecnica** is located inside the Palace of Confindustria in the heart of Rome's business district Eur. The Palace was designed in the late 60's while the interiors of the convention center have been designed 1974. The center was extensively renovated in 2016 and revives a prestigious space, reinterpreted and reintroduced into the range of quality architectural features of the modern city. The venue, located under the court's level, is a conference centre composed by a large foyer, 800 seats in the main meeting room, 16 rooms for meetings from 20 to 250 people, and two exhibition areas of 1200 sqm. It offers a full service, boasting technologically advanced solutions and excellent catering services.
